- The NUAA Board has an election at every spring meeting (occurs between May and June) where new members are voted onto the board. In some instances, we may vote for new members at other meetings if we have an unforeseen opening.
- You will be notified of results after an election.
- We are very fortunate to receive numerous applications for the board. In addition to your qualifications, we also consider applicants to diversify the board by class year, corps, traditional, and CGCS alumni.
- If you are not voted on during an election, we will keep your application for future consideration at the next election. It is not uncommon for an applicant to get voted on a few years after they have originally applied. If you are not voted onto the board after two years' time, you will need to reapply to keep being considered.
